LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).

**RESPONSE UNDER 37 CFR §1.825(d) AND STATEMENT IN SUPPORT OF
FILING A SUBSTITUTE SEQUENCE LISTING UNDER 37 CFR § 1.821(f)**

Sir:

In response to the Notification of Defective Response ("Notification") dated June 22, 2004, attached are substitute paper and computer readable copies of the sequence listing for the above-identified application. The undersigned wishes to note that the Notification indicated that a CRF Diskette Problem Report ("CRFDPR") was attached. However, the CRFDPR was not received by the undersigned with the Notification. Telephone calls were placed to U.S. Patent and Trademark Office ("USPTO") employee Deborah D. Williams on June 28, July 12 and July 21, 2004, requesting a copy of the CRFDPR. However, as of the date of this submission, a copy of the CRFDPR has not been received. In view of the nonextendible deadline of July 22, 2004, the items being submitted herewith are identical to those items previously submitted on October 24, 2002. Should these documents not meet USPTO requirements, the undersigned respectfully requests the issuance of another Notification from the USPTO.

I hereby state that the content of the paper and computer readable copies of the substitute sequence listing, submitted in accordance with 37 CFR §1.821(c) and (e), are the same. I also hereby state as required by 37 CFR § 1.821(h) that the paper and computer readable copies contain no new matter, nor do they go beyond the disclosure of the application as filed.
